## Capability Statement

Kundlas Consulting Group is a HUBZone-certified small business delivering integrated engineering, architectural, construction management, disaster recovery, and program management services in support of federal, state, and local government missions. Operating within a CMMC Level 2-aligned secure environment, Kundlas provides technical and operational expertise across emergency management, hazard mitigation, and facilities and infrastructure programs, supporting mission-critical initiatives in complex, highly regulated environments.

## Kundlas Nexus™

Kundlas Nexus™ is the system behind our execution advantage. It is a secure, proprietary platform that integrates resource management, deployment logistics, and mission intelligence into a single operational view. This allows us to anticipate needs, adapt quickly to changing conditions, and maintain accountability at every stage. For clients, that means predictability, responsiveness, and confidence in outcomes.

## Differentiators

### Our Technical Edge. Rapid Deployment. Recovery & Resilience.

Kundlas provides engineering-driven solutions delivered by rapid deployment teams, supporting recovery and resilience programs that restore operations, mitigate risk, and strengthen mission-critical infrastructure.
